EDU

ARIZONA STATE UNIVERSITY, Tempe AZ, 2020 - 2023
GPA: 3.92, Master of Industrial Design, Graduation Date: May 2023
EDGEWOOD COLLEGE, Madison WI, 2014 - 2018
GPA: 3.81, B.A. Art Therapy, Honors: Magna Cum Laude Minors: Psychology and Studio Art

WORK

- TECHNOLOGY DEVELOPMENT DESIGNER 3 | May 2023 – Current | Honeybee Robotics, Altadena, CA
- Ideate and present novel concept designs for aerospace proposals and clients.
 - Manage and lead graphical content creation for the business development and research and development units.
 - Lead proposal design kick-offs, proposal design reviews, project branding, and demo presentations.
- LEAD INDUSTRIAL DESIGNER | May 2022 – June 2023 | The Luminosity Lab, Tempe, AZ
- Cross-disciplinary collaborative product creation, design research, and proposal creation.
 - Full cycle project management with concept design, product development, design engineering, and prototyping.
- SOFT GOODS DESIGNER | Dec 2020 – Sep 2021 | Axxes Workshop, Lafayette, CO
- Pattern making, CMF choice, tags, and prototyping on the manufacturing floor.
 - Brand, logo, and website design and management.
- TEAM COORDINATOR AND MEDIA MANAGER | Dec 2015 – July 2020 | Summit Strength and Fitness, Madison, WI
- Design logos, media, and merchandise.
 - Research training methods, manage coaching staff, and coach climbing teams and club members.

AWARDS

- BEST SYSTEM ENGINEERING | NASA BIG Ideas | 2022
Awarded to the ASU Charlotte Lunar rover team for the best system solution to extreme terrain mobility challenges.
- ASU DESIGN EXCELLENCE | ASU | 2022
End of year awards for the best overall design project and problem solution.
- GRADUATE COLLEGE UNIVERSITY GRANT (\$10,000) | ASU | 2021–2022
Awarded to support outstanding graduate students (department nomination).
- KATHERINE K. HERBERGER SCHOLARSHIP (\$4,250) | ASU | 2021–2023
Awarded to support students in the Design School.
- UNIVERSITY GRANT, HERBERGER INSTITUTE FOR DESIGN AND ARTS (\$5,000) | ASU | 2020–2023
Awarded to support outstanding design students.
- DOMINICAN HERITAGE AWARD | Edgewood College | 2016
Awarded to one freshman or sophomore student who is emerging as a campus leader.

COMMUNICATION

- AbSciCon
Poster Presentation | May 2024 | Providence, RI
Drilling through the Decades: Past and Future Subsurface Access Developments with Honeybee Robotics and Collaborators
- Milan Design Week
Selected Capstone project presentation | April 2023 | Milano, Italy
Half Stasis: 3D printed furniture and AI
- The American Physiological Society
Presentation Graphics for Meredith Johnson, Biology Ph.D.
Oct 2022 | San Diego, CA
Does heat or desiccation limit the activity period of small desert animals?
Scholar Award winner
- Olympic IOC Poster Presentation
Data Visualization for Gudmund Grønhaug, Biology Ph.D.
Feb 2020 | IOC Olympic Conference
(1) The Influence of BMI on Chronic injuries and performance in climbing.
(2) Why not? Use of healthcare and reasons not to seek healthcare by Norwegian climbers with chronic injuries.
- Nature's Technology Summary:
Lichen "Lecanora Conizaeoides"
Sharing Nature's Genius - Biomimetic Design Database
Research and summarize biophysical design principle's of lichen, to be utilized for material research and design innovation.

SKILLS

- | | |
|--------------------|--------------------|
| Autodesk Suite | Human Factors |
| Solidworks | System Design |
| Adobe Suite | UX/UI Design |
| Keyshot | Data Visualization |
| Team Management | Biomimicry |
| Creative Solutions | Sustainable Design |
| User Interviewing | Studio Arts |
| Branding | Procreate |
| Rhino | Blender |
